## VAAYU

Inspired by the elemental essence of air, Vaayu is a poetic sheer curtain collection that captures the quiet elegance of natural movement. With a dry matte finish and a weightless drape, these fabrics evoke the feeling of soft breeze flowing through open spaces—calm, gentle, and grounding.

Crafted in subtle neutral tones and textured weaves, Vaayu lets light pass through in a soft, filtered glow, enhancing interiors with understated sophistication. The dry hand feel and non-reflective surface bring a tactile rawness that pairs beautifully with both minimal and organic aesthetics.

Ideal for contemporary spaces seeking breathability, balance, and quiet luxury, Vaayu is more than fabric—it's an Atmosphere.
