India's No.1 Wallcoverings

Children are happy people! Uncomplicated and unladen by the baggage that only comes later in life. Happiness is everywhere as perceived through the eyes of a child. It's a secluded little world of fairy tales and cartoon characters, sunshine and rainbows, imagination and fantasy.

Validate them with the canvas they yearn for. Adorn their walls with expressions of their souls. Surround them with all the happy things that float freely and limitlessly in the endless expanse of their fertile minds.

Fun Time comes to you with all the value and features that make every other Marshalls wallcovering the first choice for discerning homes. Hygienic, Washable, Fire Retardant, Safe, Energy Saving and Eco Friendly. Oh yes, Long Lasting too... They'll probably outlast your kids' childhood!

Fun Time wallcoverings for kids' rooms. Because childhood is experienced just once!
